## **Wheeled Coach Type III Chosen for Display at 2012 EMS World Expo**

Orlando, Florida – General Motors Fleet & Commercial Group chose a 2012 Chevrolet G-3500 Type III Ambulance manufactured by Wheeled Coach Industries, Inc. to highlight their chassis offerings at EMS World Expo held in New Orleans, LA, October 31 through November 2, 2012.

The Wheeled Coach Ambulance Conversion was built on a G-Cutaway Chassis and featured the reliable Duramax Diesel Engine, the only diesel available in its class. Among the other features were the Cool Bar™ Auxiliary Air Conditioning Condenser which has 30% more condensing capability, 30% greater BTU capacity and 50% greater air flow compared to other external condensers. All patient compartment entry doors were also equipped with SafePass™, the revolutionary internal door lock release tabs that allow opening of the doors in the event of an accident or mechanical malfunction.

Wheeled Coach Industries, Inc. is the largest selling single brand of ambulance and the only ISO 9001 Certified Ambulance Manufacturer in the United States.

About Wheeled Coach: Wheeled Coach is a wholly owned subsidiary of Allied Specialty Vehicles. ASV, with revenue of approximately \$1 billion, is a market leader in three industry segments: Fire & Emergency, Recreational Vehicles, and Bus & Industrial. The Company was formed on August 25, 2010 through the combination of four existing portfolio companies of American Industrial Partners: EONE, Inc. Collins Industries, Inc. and Halcore Group, Inc., and Fleetwood RV, Inc. Within the Fire & Emergency segment, ASV offers an extensive line of fire apparatus and ambulances. Within the Recreational Vehicle segment, the Company produces Class A and Class C Recreational Vehicles under many of the industry's iconic brand names. Within the Bus & Industrial segment, the Company produces Type A bus products for both the school and childcare markets as well as terminal trucks and street sweeper products.
